# Fair Share Objectives, Six Good Faith Efforts, Contract Administration and Contract Language

This form must be completed by the loan recipient, prime contractor and any subcontractor who will further subcontract on the Clean Water State Revolving Fund project within the scope of the loan. All boxes in this attachment must be initialed and the bottom signed.

- One completed attachment for the prime contractor must be submitted as part of the bid/proposal to the loan recipient.
- One completed attachment for each subcontractor who will further subcontract must be submitted before the contract award.
- A copy of those must be included in the contract copy to DEQ, along with one attachment initialed and signed by the loan recipient.

## Fair Share Objectives

The loan recipient accepts the following Fair Share Objectives for the CWSRF-funded project and must employ the six good-faith efforts to achieve these percentages in disadvantaged business enterprises participation:

Supplies:	0.43% MBE	1.28% WBE
Services:	2.58% MBE	4.45% WBE
Equipment:	1.08% MBE	2.69% WBE

## MBE/WBE Certification

All Minority Business Enterprises and Woman Business Enterprises must be certified by Oregon's [Office of Minority, Women and Emerging Small Businesses](#) or by the state in which they are located. This office administers the Disadvantaged Business Enterprise, Minority Business Enterprise/Women Business Enterprise, and Emerging Small Business programs.

## Six Good-Faith Efforts

The good-faith efforts are required methods to ensure that all DBEs have the opportunity to compete for procurements funded by the Clean Water State Revolving Fund. The loan recipient and their prime contractor are required to:

1. Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian tribal, state and local government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they're potential sources.

2. Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
3. Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian tribal, state and local government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
4. Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
5. Use the services and assistance of the federal Small Business Administration, Minority Business Development Agency of the U.S. Department of Commerce, and the state Office of Minority, Women and Emerging Small Business.
6. If the prime contractor awards subcontracts, require the prime contractor to take steps 1 through 5 above.
7. Native American provisions 40 CFR, Section 33.304  
The recipient agrees to comply with the contract administration provisions of 40 CFR, Section 33.304. Any recipient, whether or not Native American, of an EPA financial assistance agreement for the benefit of Native Americans, is required to solicit and recruit Indian organizations and Indian-owned economic enterprises and give them preference in the award process prior to undertaking the six good faith efforts. If the efforts to solicit and recruit Indian organizations and Indian-owned economic enterprises is not successful, then the recipient must follow the six good faith efforts.

## Contract Administration

- \_\_\_\_\_ The Loan Recipient must require its prime contractor to employ the six good faith efforts even if the prime contractor has achieved its fair share objectives.
- \_\_\_\_\_ If a DBE subcontractor fails to complete work under the subcontract for any reason, the Loan Recipient must require the prime contractor to employ the six good faith efforts if soliciting a replacement subcontractor.
- \_\_\_\_\_ The Loan Recipient must require its prime contractor to pay its subcontractor for satisfactory performance no more than 30 days from the prime contractor's receipt of payment from the Loan Recipient.
- \_\_\_\_\_ The Loan Recipient must require written notification from its prime contractor prior to any termination of a DBE subcontractor for convenience by the prime contractor.

\_\_\_\_\_ **Specific Contract Language**

All contracts between the Loan Recipient and prime contractor, and prime contractor and subcontractors must include the following statement required by 40 CFR Part 33:

"The contractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The contractor shall carry out applicable requirements of 40 CFR part 33 in the award and administration of contracts awarded under EPA financial assistance agreements. Failure by the contractor to carry out these requirements is a material breach of this contract which may result in the termination of this contract or other legally available remedies."

The undersigned has initialed the items above and understands the resulting responsibility for each item.

The undersigned understands that this public works project is funded in whole or in part by the Clean Water State Revolving Fund and is subject to the prevailing wage requirements of Oregon's Bureau of Labor and Industry and the requirements of the Davis-Bacon Act.

\_\_\_\_\_ The undersigned agrees that, notwithstanding any other provision of law, all laborers and mechanics employed on the project must be paid wages at rates not less than those prevailing on projects of a similar character in the locality, as determined by the United States Secretary of Labor, or the Commissioner of the Oregon Bureau of Labor and Industries, whichever is higher, per ORS 279C.838; OAR 839-025-0035(2).

When a public works project is subject to both the state and federal prevailing wage rate laws, contractors and subcontractors must pay the higher of either the state or federal prevailing wage rates for the type of work being performed, per ORS 279C.838; OAR 839-025-0035(2).

### **Davis Bacon (federal law)**

\_\_\_\_\_ Davis-Bacon applies to all treatment works construction projects for the entirety of the construction activities financed by a CWSRF loan through the completion of construction, no matter when construction commences.

\_\_\_\_\_ The Loan Agreement includes specific Davis-Bacon terms and conditions contract language that must be passed through to the prime contractor and all subcontractors in their contracts over \$2,000.

\_\_\_\_\_ The Secretary of Labor's determination, regarding the prevailing wages applicable in the state of Oregon, are located at: <http://www.wdol.gov/> The prevailing wages are those in effect at the time of contract award. Wages obtained through this web link should be printed at the time of contract award and included in procurement documents and all contracts resulting from the procurements.

\_\_\_\_\_ The loan recipient or the prime contractor on behalf of the loan recipient maintains on-going wage information as a requirement of the Clean Water State Revolving Fund loan for a project subject to Davis-Bacon. The program suggests using the [wage matrix](#). You may find the [instructions](#) helpful.

\_\_\_\_\_ The loan recipient conducts at least one set of wage interviews with a representative group of workers during the project construction. The loan recipient must conduct additional interviews if there is

any reason to suspect a contractor or their subcontractor is at risk for violating wage requirements. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The loan recipient must use Standard Form 1445 or equivalent documentation to memorialize the interviews.

### **Oregon Bureau of Labor and Industry (state law)**

\_\_\_\_\_ Bureau of Labor and Industry prevailing wage rates apply to projects over \$50,000. Oregon prevailing wage rate regulations require every contractor or subcontractor employing workers on a public works project must pay to such workers no less than the applicable prevailing rate of wage for each trade or occupation, as determined by the commissioner, in which the workers are employed, per OAR 839-025-0035.

\_\_\_\_\_ The wage rates identified by the Commissioner of the Oregon Bureau of Labor and Industry are available [online](#).

\_\_\_\_\_ The prevailing wage rates in effect at the time the bid specifications are first advertised are the Oregon wage rates that apply for the duration of the project. Prevailing wages obtained through the Bureau of Labor and Industry websites must be included in the bid solicitation and incorporated in all contracts resulting from the procurements.

\_\_\_\_\_ All contractors and subcontractors shall file, with the Construction Contractors Board, a \$30,000 public works bond with a corporate surety authorized to do business in this state, per ORS 279C.836. The bond must provide that the contractor or subcontractor will pay claims ordered by Bureau of Labor and Industry to workers performing labor upon public works projects. It must be filed before starting work on a contract or subcontract for the project.

### **Payroll/Certified Statement (form WH-38)**

Form WH-38 may be used by contractors for reporting their payroll as required by ORS 279C.845 on public works projects subject to the Prevailing Wage Rate Law. This form has not been officially approved by the United States Department of Labor, however it is designed to meet the requirements of the federal Davis-Bacon Act as well.
