

APPENDIX F: EPOXY INJECTION STATEMENT OF QUALIFICATIONS FORM

This form must be completed in its entirety and a copy submitted with the bid.

The City of Albany requires a statement of qualifications to be completed and submitted by contractors bidding on the WTP-20-01, Vine Street Water Treatment Plant Clear Well Rehabilitation project regarding their financial ability, equipment, and experience in relation to the proposed epoxy injection work. **Failure to submit the form with the bid may be grounds for rejection of the bid.**

To qualify for this project, the prospective EPOXY INJECTION CONTRACTOR must complete the following information:

EPOXY INJECTION CONTRACTOR INFORMATION

Submitted By: _____
(EPOXY INJECTION CONTRACTOR)

A Corporation
A Partnership
An Individual

Type of Work: _____

Principal Office: _____

Contractor's Bank and Local Contact: _____

EXPERIENCE QUESTIONNAIRE

1. How many years has your organization been in business as a contractor under your present business name? _____

2. Have you ever failed to complete any work awarded to you? _____

If so, where and why? _____

3. List below the contracts which you, or your company, or corporation were party, during the previous 10 years which contracts where involved in litigation of any type:

4. Name the Surety Company, and the name and address of the local agent you expect to use in the event this Contract is awarded to you.

5. Name the field superintendent(s) who will be in direct charge of the epoxy injection construction if awarded this Contract and state the relevant, successful experience. A qualified field superintendent will be required to be on the project site in responsible charge, full-time, during all epoxy injection activities. The proposed superintendent(s) shall be currently employed by the Epoxy Injection Contractor and shall have been the Epoxy Injection Contractor superintendent on no less than **two (2)** epoxy injection installations on potable water structures during the last **ten (10)** years. The epoxy injection superintendent(s) shall have been in the direct employment of the Epoxy Injection Contractor for both of the epoxy injection projects listed. Indicate the owner of projects referenced. Provide the name(s) of at least **two (2)** epoxy injection jobs successfully completed by all of the superintendents listed by the Epoxy Injection Contractor, which shall include a project description, the name and address of the owner, and the approximate completion date of each project.

Superintendent Name(s)		
Project Completed: Owner Project Name Year Completed		
Project Completed: Owner Project Name Year Completed		

6. The names, addresses and telephone numbers of the owners and project engineers, and completion dates and location of at least **five (5)** projects located within Oregon, Washington or California which have been successfully completed by the Epoxy Injection Contractor during the last **ten (10)** years on potable water structures. Project examples must demonstrate successful completion of the installation and discuss methods for limiting risk given the constraints set forth in the project plans and specifications. Project examples should demonstrate the ability to follow a precise work sequence of construction and successful overall project coordination in order to efficiently execute epoxy injection installation. (Provide an attachment if additional space is required.)

Project Name, Owner & Extent of Epoxy Injection Project	Year Completed	Name & Address of Owner Contact Person and Phone Number	Name & Address of Engineer Contact Person and Phone Number

The information submitted in this form will be regarded as confidential to the extent of the law.
