INTRODUCTION

T. W. SALISBURY & CO., publishers of the Albany, Lebanon, Sweet Home & Linn County Directory, present to subscribers and the general public, this, the 1948 edition of the Albany, Lebanon, Sweet Home and Linn County Directory.

Confidence in the continued growth of Linn County's wealth, industry and population, and in the advancement of its civic and social activities, will be created as this directory is consulted, for the directory truly reflects Albany, Lebanon, Sweet Home and Linn County to the world.

The T. W. Salisbury & Co., with an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, believe that the results of their labors will meet with the approval of every user, and that the Albany, Lebanon, Sweet Home and Linn County Directory will fulfill its mission as a source of authentic information.

FIVE MAJOR DEPARTMENTS

The FIVE major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 1 to 10, presents a variety of information such as general index, index to advertisers introduction and facts about Linn County.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Albany is included in pages 11 to 80; Lebanon, pages 117 to 160; Sweet Home, pages 181 to 198. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation.

THE STREET AND AVENUE AND DIRECTORY OF HOUSEHOLDERS of Albany covers pages 81 to 116; Lebanon, pages 161 to 180. In this section the named streets are arranged in alphabetical order; followed by the numbered streets in numerical order; the numbers of the residence and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE LINN COUNTY DIRECTORY, covering most of the towns and villages of the county, appears in pages 199 to 208.

THE LINN COUNTY RURAL ROUTES DIRECTORY extends from pages 209 to 248.

THE CLASSIFIED BUSINESS DIRECTORY AND BUYER'S GUIDE, the Yellow Section, is included in pages 1 to 48. This section lists the names of business concerns and professional people in Linn County, under the headings of the goods or services they have to offer. It provides you a quick answer when you want a particular kind of goods or a specific type of service. Use this section often. It will save you much time and trouble.

COMMUNITY PUBLICITY

THE DIRECTORY reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in various Chamber of Commerce offices in the west, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albany, Lebanon, Sweet Home and Linn County.

The publishers appreciatively acknowledge the recognition of those progressive business and professional concerns who have demonstrated their confidence in the directory as an advertising medium, with assurance that it will bring a commensurate return.

Publishers

Facts About Linn County

Linn County is located in the heart of the Willamette Valley, and is one of the most richly productive agricultural areas in the world. A wide diversity of farm products is grown on the 99,329 acres of land available for intensive cultivation. Crops range from dairy and poultry products to large-scale production of mint and seed crops such as rye grass and vetch. Constantly the range of products increases and thereby adds to the value of Linn County lands.

Linn County has a stand of timber which places it in the forefront of the nation's forest products industry.

More than one hundred logging companies of all sizes operated in the County during 1947. More and more the timber area is being logged on a sustained yield basis, and the timber industry in the County is well stabilized.

The eight incorporated cities in Linn County have shown a rapid industrial development, based upon food processing, lumber manufacturing and remanufacture, and smaller service-type industries which develop in areas with rapidly-increasing populations.

The County is particularly endowed with recreational opportunities. Highway 20 follows the Santiam River down from the heart of the Cascades Recreation Area which is a virtual paradise for hunting, fishing, skiing, hiking, boating, and all forms of outdoor sports.

The cities of the County boast numerous strong and well-attended churches; a school system which has managed to keep up with a rapidly increasing population; and a great deal of good old-fashioned "neighborliness."

PUBLISHER'S NOTE

Information presented in this directory is obtained as far as possible by actual canvass. We have exercised caution in checking against errors or omissions in the information obtained; however, we cannot and do not guarantee absolute veracity of any part of the directory, because the listings are supplied to us by the public. We solicit your cooperation and criticism, and earnestly urge the bringing to our attention of any inaccuracy so that it may be corrected in the next edition of the directory.

ALBANY HOUSEHOLDERS—STREET & AVE. GUIDE—1948

81

Salisbury's

ALBANY

Directory of Householders, Occupants of Office Buildings and other Business Places, Including a Complete Street and Avenue Guide

1948

(Copyright, 1948, by T. W. Salisbury & Co.)

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartments homes the number denotes the number of the apartment. In all streets both sides are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Correct Information

With many new arrivals, and changes of addresses it needs
 little imagination to discern the need of a new directory each
 year, to anyone who wants correct, up-to-date information.
 Accurate listing of addresses is worth all it costs.

LEBANON

Directory of Householders, Occupants of Office Buildings and other Business Places, Including a Complete Street and Avenue Guide

1948

(Copyright, 1948, by T. W. Salisbury & Co.)

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In apartments homes the number denotes the number of the apartment. In all streets both sides are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Correct Information

With many new arrivals, and changes of addresses it needs little imagination to discern the need of a new directory each year, to anyone who wants correct, up-to-date information. Accurate listing of addresses is worth all its costs.

Correct Information

With many new arrivals, and changes of addresses it needs little imagination to discern the need of a new directory each year, to anyone who wants correct, up-to-date information. Accurate listing of addresses is worth all it costs.

Salisbury's

LINN COUNTY

Classified Business Directory

and

Buyer's Guide

1948

This section of the Directory classifies the business and professional people of Linn County, under the headings (arranged alphabetically) of the goods or services they have to offer.

The more progressive firms have placed advertisements in this section, making it a valuable guide to purchase or sale of all types of goods and services.

This is the only directory which lists business firms in Linn County in a conveniently grouped form. While the list of business firms is not guaranteed to be absolutely complete, the majority of the business firms of the whole of Linn County are listed—whether they are advertisers or not.

Users of this Classified Directory and Buyers' Guide will find shopping faster and easier.

Copyright, 1948, by T. W. Salisbury & Co.

Names appearing under headings marked thus (*) are inserted only when specially contracted for.

**You Never
 Can Tell**

when you are going to need, and need badly, some part of the information that is contained in this book. Why not spend a little time, now, looking it over, so when the need arises you will know just where to look.

Read over the digest of contents on the title page, and consult the Index.

Oregon merchants receive \$9.45 in cash for logging and sawmill supplies for every thousand feet of lumber manufactured. A forest fire thus destroys business in every forest community. Just another reason why care in the woods is so vital to our state. Keep Oregon Green!

Out of Sight Out of Mind Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directors is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
