INTRODUCTION

We are proud to present this, the 1975 edition of the Albany City Directory. We have included in our canvass area: Albany and the surrounding rural area which we have been advised is the pertinent service and market region for this area.

Every effort has been expended in making this volume as complete as humanly possible. The information was gathered by an actual house to house canvass and compiled in such a way as to insure maximum accuracy. The time between final check of information and delivery has been minimized by the use of modern data processing technology and the fastest "in house" production capability in the industry.

It has always been our policy to provide accurate and comprehensive directory service to those communities that desire the "finest". We realize however that some errors and omissions are inevitable and earnestly request that these be brought to our attention. These errors and omissions will be corrected in the next edition of the directory. It is only through the interest of the subscribers and users of the directory that each new edition can surpass the last.

In the public interest the use of this directory for any other purpose than as a reference volume or reproduction of any part of this directory is expressly prohibited without written permission from the publisher.

We are proud of our membership in the Association of North American Directory Publishers. The members of this association are constantly striving to improve the products offered to the communities they serve. It is through the associations attitude of mutual sharing that many of the industries advancements have been made.

All the beauty, sandy beaches, fishing and glamour of the blue Pacific Ocean is just 90 minutes away on fine paved highways. This is truly a mecca for rest, relaxation, vacation or just plain fun. A drive to the East will put you in the Cascade country for wonderful winter skiing or fall hunting of deer, elk and game birds. During fishing season, it is out of this world with lakes and streams full of fighting fish. This is great country in the summer for outdoor camping and vacationing. Located on the Willamette River, Albany offers opportunity for boating and water skiing. Collegiate football and basketball, featuring the University of Oregon, Oregon State University and Willamette University right in the neighborhood. Linn-Benton Community College also has inter-collegiate basketball games.

INDUSTRY - Industrial diversification has been the key factor in the rapid growth and development of Albany. Recent payroll additions have come from various industries. Several plants manufacture wood products and utilize wood waste. Georgia Pacific recently built a new Resin Plant. Some of our other industries are in production of zirconium, titanium and related exotic metals. Albany's location of the U.S. Bureau of Mines experimental station has undoubtedly attracted other industry to the area. Agriculture, long a dominant factor in the economy continues to grow through Albany's several food processing plants. This also holds true of the seed processing business. Another link in the processing chain is the dairy and meat manufacturing facilities. More and more light industry is settling in the area to add even more dollars to the well rounded and growing Albany economy. With abundant water, low cost power and economical well-situated industrial sites, the Albany future is decidedly bright. This well can be the "BRIGHTEST SPOT IN OREGON'S FUTURE".

In the library, a boy can find a place to read, watch T.V., and play boy games. A boy can also find activities in woodworking, lapidary work, fly tying, stamp collecting, and many other activities. If a boy is interested in athletics, the Boys' Club provides programs in baseball, football, basketball, track and field, and soccer. VETERANS' DAY 1974

Home of the Nation's largest Veterans' Day Program, Albany claims national recognition each year for its outstanding program honoring those who have given so much for the freedom we enjoy. The old "Red, White, and Blue" is still a beautiful sight and a constant reminder that we are a free nation. Added to the polished buttons and the prestige of the military representatives who visit each year, one can feel a binding patriotism among the residents of Albany.

Some of the participants that make the program possible each year are pictured on these pages.

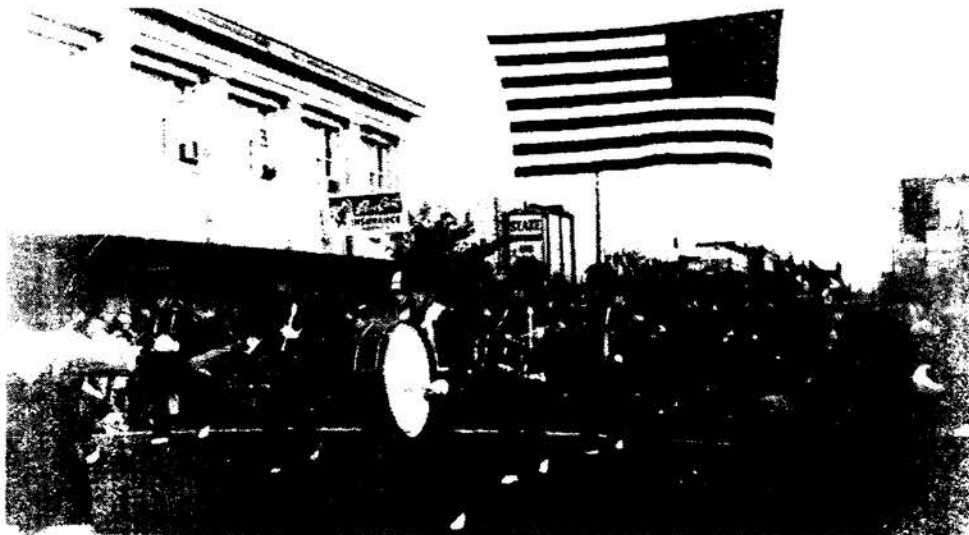

American Legion Post 10 (Albany) and the (Lebanon) Color Guard led the 1974 Veterans' Day Parade. Both groups are winning Color Guard forces to make the event more spectacular. The commencement of the parade

Military and Congressional Medal of Honor guests participate in the Courthouse Memorial Service each year and 1974 was no exception. Military and high school bands, drum and bugle corps, and junior high school bands combined talents to present an exceptional performance for those very special people to whom we are thankful.

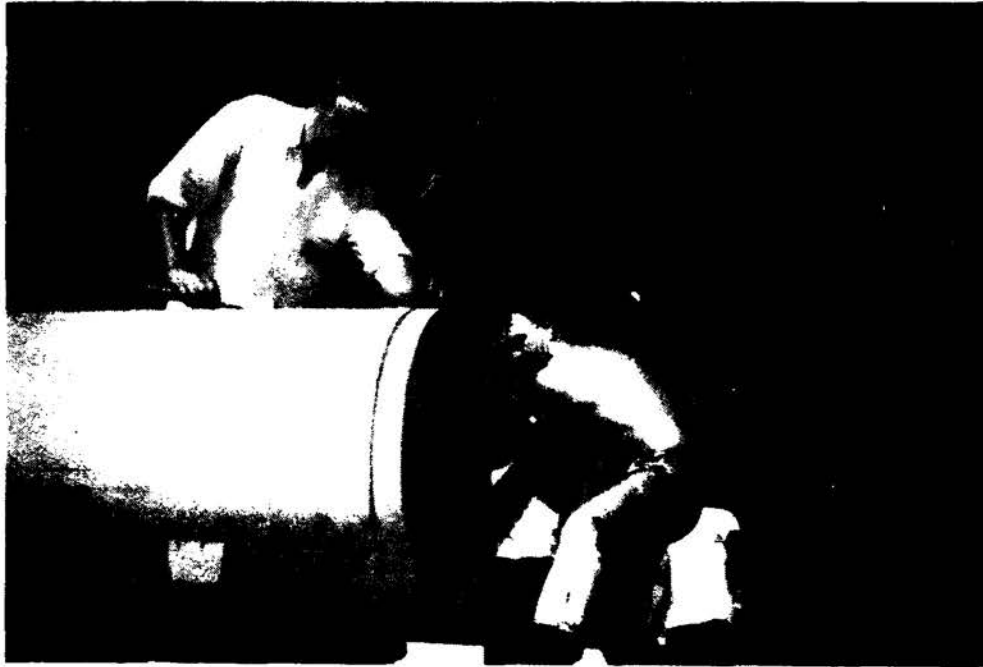

Many bands numbered many in the 1974 parade and some came from as far as Washington and Idaho. Afternoon concerts and evening performances were included in Veterans' Day activities.

TIMBER CARNIVAL

The Albany Timber Carnival is sponsored annually by the Jaycees and includes the coronation of the queen on July 2, the parade on July 3, and lake events on July 3 and 4. Some of the activities are log rolling, bucking, jousting, tree topping, speed climbing, log chopping, axe throwing, and log birling. It is a favorite woodsmen-type sport and contestants come from as far as Australia and New Zealand to participate in this event. A gigantic fireworks display ends the 4th of July celebration.

One popular event of the Timber Carnival, log bucking, is demonstrated above.

The famous tokiore Paul Bunyan watching over Timber Linn Park. This huge figure, dwarfing the cars and buildings in the background, was carved in its entirety with the chain saw by an Oregon resident.

SPRING ARTS FESTIVAL

The Arts Festival, an annual event since 1970, attracts those of all ages interested in the many arts, both performing and non-performing. Each year thousands are drawn to view the talents of area artists, sculptors, potters, weavers, and leather craftsmen and for those with an inclination towards music, there are concerts both musical and vocal. The Town Square is erected for artisans to exhibit and sell their works in an informal atmosphere. Coffee houses set up in various locations allow the touring public an opportunity to rest and at the same time enjoy live entertainment. Dramatic plays are also part of the festival activities. The Arts Festival held each spring is one more happening to "round out" the cultural needs of the community.

The Gazebo, centered in the Town Square, serves as the musicians haven while performing.

Other arts and crafts are displayed in the Square and numerous locations throughout the city.

CLEAN UP PROGRAM

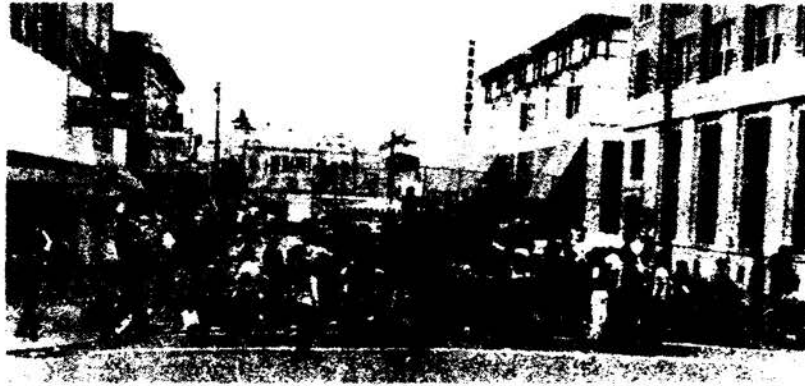

The Oregon National Guard, the Marine Corps Reserve Training Center, and city and county departments, lend a hand and trucks when it comes to the annual clean up program each year. This program is sponsored by the Albany Area Chamber of Commerce and is under the direction of the Clean Up Committee. It rids the area of unwanted rubbish that accumulates yearly and residents can be proud of a clean community as a result. Everyone can be involved. All youth groups and school students, citizens, business people and community leaders take part. The city provides free rubbish pick up during Clean Up Week, April 21-25.

Pictured above is a scene from the annual Crazy Daze Sale held in July. This annual event is sponsored by the Albany Retail Merchants. Crazy Daze was introduced by the Retail Merchants Committee in 1960 and since then many cities throughout the United States, Canada and other foreign countries have become involved with a similar type of program.

The new campus of Linn-Benton Community College is shown above. The Dedication Ceremonies for this fine facility were held on October 18, 1974. Linn-Benton fills a definite need in the industrial, commercial and professional community. By its very nature, it fills a special educational need to people of every kind and schooling background.

CHRISTMAS IN ALBANY

The Christmas Parade is ever-growing in popularity, especially with the younger set. It is always a great treat to see Santa arrive, bringing with him all the joys of the Christmas season for young and old alike. Home visit from Santa, a new feature of the 1974 parade, delighted the children and was a huge success.

Santa Claus arrived on the Santa Claus Express at the Street Station. Burlington Railroad is attributed with the arrival of Santa to Albany.

Santa and his helpers (Rainbow Girls) at the courthouse to light the big Christmas tree that officially begins the Christmas festivities in Albany.

Santa's visit to one of their homes. A party, where a pin and a party was underway.

The two additional Santa visits made by Santa Claus, wherever he had to be this Christmas, for his helper. The first is the Rainbow Girls and seated is Chamber Secretary, Karen Spatz, who helped to coordinate his visits to the homes.

GENERAL INFORMATION

Albany, the seat of fertile and lovely Linn County, is the "Hub of the Willamette Valley". It has excellent transportation facilities, beautiful homes, up-to-date schools and outstanding civic institutions. Easy-to-reach Albany is at the junction of U.S. Highways 99, 20 and Interstate 5, twenty-two miles south of Salem and sixty-nine miles south of Portland.

Agriculture is highly diversified and the climate relatively free from extremes. The land, a combination of green valleys and timbered hills, produces bumper harvests of fruits, vegetables, filberts, grains and other crops. Irrigated pastures provide lush feed for the herds of dairy and beef cattle. Poultry and poultry products, including turkeys are money-makers too. Meat packing plants and milk condensary are located in fast-growing Albany.

Linn County is also the home of a vast timber empire, with sawmills, plywood mills, and a furniture factory busy converting tall trees to finished products. Albany is also the regional headquarters of the U.S. Bureau of Mines. Numerous other industries indicate a progressive outlook.

Outdoor recreation at its finest is yours here. A large portion of the county is being set aside to provide an unspoiled wilderness area for escape from crowded, noisy cities. Beautiful Clear Lake is nearby; mountain scenery, deep forests, lava beds, Alpine lakes, sparkling streams, excellent hunting and fishing are all at hand. The popular Hoodoo Ski Bowl is an easy drive from Albany and the blue Pacific with its scenic beaches is not far.

Albany and Linn County offer a way of life that is truly happy and contented.

GOOD BUSINESS

If I POSSESSED A SHOP OR STORE
I'D DRIVE THE GROUCHES OFF MY FLOOR

I'D NEVER LET SOME GLOOMY GUY
OFFEND THE FOLKS WHO COME TO BUY
I'D NEVER KEEP A BOY OR CLERK
WITH MENTAL TOOTHACHE AT HIS WORK,
NOR LET A MAN WHO DRAWS MY PAY
DRIVE CUSTOMERS OF MINE AWAY

I'D TREAT THE MAN WHO TAKES MY TIME
AND SPENDS A NICKEL OR A DIME
WITH COURTESY, AND MAKE HIM FEEL
THAT I WAS PLEASED TO CLOSE THE DEAL,
BECAUSE TOMORROW, WHO CAN TELL,
HE MAY WANT STUFF I HAVE TO SELL,
AND IN THAT CASE THEN GLAD HE'LL BE
TO SPEND HIS DOLLARS ALL WITH ME

THE REASON PEOPLE PASS ONE DOOR
TO PATRONIZE ANOTHER STORE, IS
NOT BECAUSE THE BUSIER PLACE
HAS BETTER SILKS OR GLOVES OR LACE
OR CHEAPER PRICES, BUT IT LIES
IN PLEASANT WORDS AND SMILING EYES,
THE ONLY DIFFERENCE, I BELIEVE IS
IN THE TREATMENT FOLKS RECEIVE

IT IS GOOD BUSINESS TO BE FAIR
TO KEEP A BRIGHT AND CHEERFUL AIR
ABOUT THE PLACE, AND NOT TO SHOW
YOUR CUSTOMERS HOW MUCH YOU KNOW

WHATEVER ANY PATRON DID
I'D TRY TO KEEP MY TEMPER HID, AND
NEVER LET HIM SPREAD ALONG
THE WORD THAT I HAD DONE HIM WRONG.

How To Get Along With People

Keep skid chains on your tongue; always say less than you think; cultivate a low, persuasive voice. Make promises sparingly and keep them faithfully, no matter what it costs you. Praise good work done, regardless of who did it. If criticism is merited, criticize helpfully, never spitefully. Preserve an open mind on all debatable questions. Discuss but don't argue. It is a mark of superior minds to disagree and yet be friendly.

CITY
DIRECTORY**

USING YOUR CITY DIRECTORY

Like any business service, your new city directory has to be utilized to derive maximum benefits. This pamphlet has been written to help you and your staff save time and money by using your directory service properly. We have kept this pamphlet concise and to the point because we believe that time is important. It is our job to help you do your job better.

FIVE MAJOR SECTIONS

1. General Information

Use this section to find government officials, school officials, church leaders, and the vital statistics of your area. Much of this information cannot be found readily in any other source.

2. Classified Business

Use this section to locate businesses by product, specific brand name, or service. It can also save you time when trying to locate a business whose name you have forgotten but remember its basic classification.

3. Telephone Locator

Use this section to identify a caller before returning the call, to ask for a caller by name, to identify blind numbers in newspapers, to prepare data pertaining to a call and to avoid nuisance calls. Every listed phone number and subscriber in the area is listed.

4. Alphabetical List of Names

Use this section for complete family and business identification.

CREDIT - Verify credit information, trace skips, find outstanding checks, contact employers, identify stability.

SALES - Determine buying power, identify dual working families, identify home owners, prepare sales calls, contact good prospects at place of business, direct mail to qualified prospects - by employment, home ownership, size of family or other means.

GENERAL - Correct street addresses, correct mailing addresses and apartment numbers. Identify families by wife's or husband's name. Identify business owners or operators. Update personal records. Locate relatives in case of accident, and a numerous variety of other uses.

5. Street Guide

Use this section to route deliveries, analyze sales territories, contact neighbors of sales and contact neighbors of people without phones. To arrange local direct mail advertising campaigns, to find houses without house numbers, to identify homeowners and the number of people in families.

These are the basic sections and basic uses. You will find more uses that are pertinent to your business in addition to those that have been mentioned.

ERRORS

Your new directory was produced through the use of the most advanced method and highest quality materials in the industry. We recognize however, that because of today's fluid society, perfection is an impossibility in any directory service. We ask your cooperation in bringing errors and omissions to our attention. A postage free card has been provided for this purpose.

Remember - Work at using your directory and your directory will work for you.
